заявка на рекорд СНГ № С-18.581

заявка Книги рекордов Гиннеса № -265256

RULES OF RECORD ESTABLISHMENT

For the Book of Records of the CIS and Guinness World Records

The first table-tennis match on the highest-altitude alp of Europe – peak of Elbrus (on the Western peak - 5642 m above sea level)

Registration number C-18.581

1. To confirm the fact and its parameters, one recommends to create a special *Committee* onsite consisting of not less than 3 (three) independent *witnesses* (see p. 2 of the Evidentiary base), who ought to sign the *Protocol* on the fact of the event indicating their full names, contact details, passport data, official positions and information about organization (addresses and phone numbers). The *Protocol* is attached to the Evidentiary base together with individual evidences (according to p. 2 Rules for Evidentiary base formulation). The *Protocol* should represent the fact of the event and contain the fixed result. The *Protocol* does not substitute for the independent evidences and is a *supplement* to the Evidentiary base. The authors of independent evidences can be the members of the *Committee* (usual practice); independent witnesses can be also not the members of the *Committee*. While simplified procedure of fixation of the record in the presence of the Editor-in-Chief of the Book of Records of the CIS, protocol execution is not required.

Evidences for Guinness World Records should be formed in English (the same forms). If it will be just translation of evidences which were done in Russian (not on forms with original signatures and stamps), translation must be notarized by a notary with a right for the certification of documents translated into foreign languages.

For the Book of Guinness World Records the special *Protocol* is formed in English, signed by all members of the *Committee* (clarification of signature should be in English too). If for the Book of **Guinness World Records**, the *Protocol* is translated from Russian copy, certification is made with translation at a notary who is entitled to certify translation of the documents.

2. *In case of creation of the Committee, the members of the Committee, as well as independent Witnesses, should not to be affiliated* by contractual or administrative relationship with the *Declarant*.

3. The *representative of notariat* is recommended to be included to such *Committee* or considered as the separate independent witness.

4. As members of the *Committee* and independent witnesses (to make independent evidences) are recommended the following: EMERCOM representatives, salvors and local administration.

5. The *Journal of participants of the event* should be attached to the *Committee Protocol*, including full names of the registered delegates, their contact details. Every participant ought to sign opposite his data.

6. *The basic criterion* of the declared fact is the *fact of holding a table-tennis match on the western peak of Elbrus (5642 m)*. The match should be held using the present rules of table-tennis play.

7. *The fixation moment* of the record is the *moment of the match ending*.

8. *The play ought to be held using a standard-size table with standard inventory* (game table, rackets, net) *according to the standard rules*.

заявка на рекорд СИГ № С-18.581

заявка Книги рекордов Гиннеса № -265256

9. *Special requirements* of the continuous recording of the whole match are made of the *certifying video materials*.

10. Photomaterials must present the panorama of environs which would inform about the whereabouts of participants (there must be knowable nearby mountains in a picture).

11. To the Evidentiary base must be attached: shot GPS track, co-ordinates by GPS (with fixing last ones on a photo and video in place of match carrying out with a table in a picture), altimeter registration (with fixing on a photo and video in place of match carrying out with a table in a picture), as well as the map with the route of mountaineering.

12. The Evidentiary base must contain information about weather (temperature and wind speed, measured on the alp before the game).

13. The fixed time of match beginning and its finish must be indicated in the Evidentiary base (measured by no less than two stop-watches/chronometers).

14. Rules do not forbid establishment of any types of artificial barrages in run of game on the Western peak of Elbrus providing the protection from the gusts.

15. *The presence of mass media representatives for the certification of record is desirable.*

16. That what is *not regulated* by these Rules but causes a doubt for Declarant in a resolving plan concerned with the attempt of the record establishment, must be agreed in writing with editorial office and ratified before the attempt of record establishment.

17. **The editorial office determines plenitude of the Evidentiary base and sufficiency of presence of irrefutable arguments, inquiring additional documents confirming declared in the case of necessity.**
